DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-34, 42-43, 45-53, and 62-63, drawn to a method for inducing contact to a resource prepared by a promoter on a network, classified in class 709, subclass 229.
 - II. Claims 34-37, 44, 54-57, and 64-78, drawn to a method for automatically generating a plurality of virtual servers on a set of one or more physical devices on a network, classified in class 709, subclass 229.
 - III. Claims 38-41, and 58-61, drawn to a method for automatically generating content for a plurality of resources having a plurality of corresponding resource location descriptions on a single physical device having a network address, classified in class 709, subclass 203.
- 2. The inventions are distinct, each from the other because of the following reasons:

Inventions I, II, and III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions are distinct because group I is a method for inducing contact to a resource prepared by a promoter on a network is classified in class 709, subclass 229; group II is a method for automatically generating a plurality of virtual servers on a set of one

or more physical devices on a network, classified in class 709, subclass 229; and

Page 3

group III is a method for automatically generating content for a plurality of

resources having a plurality of corresponding resource location descriptions on a

single physical device having a network address, classified in class 709,

subclass 203.

Conclusion

Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Kimberly D Flynn whose telephone number is 703-308-

7609. The examiner can normally be reached on M-F 8:30 - 5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, Glen Burgess can be reached on 703-305-4792. The fax phone number for

the organization where this application or proceeding is assigned is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or

proceeding should be directed to the receptionist whose telephone number is (703) 305-

3900.
